**Notice to Employees**

Under Federal law, employees cannot be required to join a union or maintain membership in a union in order to retain their jobs. Under certain conditions, the law permits a union and an employer to enter into a union-security agreement requiring employees to pay uniform periodic dues and initiation fees. However, employees who are not union members can object to the use of their payments for certain purposes and can only be required to pay their share of union costs relating to collective bargaining, contract administration, and grievance adjustment.

If you do not want to pay that portion of dues or fees used to support activities not related to collective bargaining, contract administration, or grievance adjustment, you are entitled to an appropriate reduction in your payment. If you believe that you have been required to pay dues or fees used in part to support activities not related to collective bargaining, contract administration, or grievance adjustment, you may be entitled to a refund and to an appropriate reduction in future payments.

Attachment 1 – Advance Agreement to Authorize Incurrence of Precontract Costs (2 pages)

DEFENSE ADVANCED RESEARCH PROJECTS AGENCY

ARLINGTON, VA 22203-1714

Attachment 1 to Contract No. HR0011-06-C-0023

ADVANCE AGREEMENT TO AUTHORIZE INCURRENCE OF PRECONTRACT COSTS

The DARPA Contracts Management Office has received a valid and properly funded requirement (ARPA Order V003) for a research effort in support of DARPA/IPTO's Global Autonomous Language Exploitation (GALE) Program.

The proposed contractor, SRI International, has submitted Proposal No. ECU 05-011 rev. 1, entitled "NIGHTINGALE: Novel Information Gathering and Harvesting Techniques for Intelligence in Global Autonomous Language Environments," in response to DARPA/IPTO's Broad Agency Announcement No. 05-28 to provide the required support.

Since the Contracting Officer has determined that incurrence of costs prior to the effective date of the contract is necessary to ensure compliance with the proposed contract delivery schedule, the Government and the Contractor, pursuant to the requirements of FAR 31.109 and 10 USC 2326, agree as follows:

FIRST: In the event that a contract is awarded, precontract costs, not to exceed \$2,339,500, shall be an allowable expense, provided that the individual costs therein shall be --

- (a) otherwise allowable, reasonable and allocable,
- (b) incurred no sooner than 1 SEP 2005, or after 30 NOV 2005, and
- (c) incurred specifically to accomplish work described in Year 1 of the proposal referenced above, including travel, converting source language from acoustic (spoken) into symbolic (written) form, augmenting language data with structural and meta-information, and converting non-English data to English while potentially preserving relevant source-language attributes and annotations. The Contractor may also begin performing analysis and interpretation of data over longer time spans and multiple sources and selecting salient information and generating relevant responses to user queries.

SECOND: Contractual terms, specifications and price shall be agreed to by the earlier of --

- (a) the end of the 180-day period beginning on the date on which the Contractor submits a qualifying proposal to definitize the contractual terms, specifications and price; or
- (b) the date on which the amount of funds obligated or expended under this advance agreement is equal to more than 50% of the negotiated overall ceiling price for this advance agreement.

**THIRD AND LAST:** It is the intention of the Government to award subject contract to the proposed Contractor subject to final agreement as to contractual terms, specifications and price, and to incorporate this agreement therein. It is understood and agreed by both parties that this agreement deals with the treatment of precontract costs in the event of contract award. This agreement does not require the Contractor to incur such costs and any costs incurred are at the risk of the proposed Contractor pending execution of a definitive contract.
